### PERFORMANCE RIDER

The items below are what I *ideally* require from each event so that I can do my best. Every show is unique and advance planning and good communication is the key. Any special concerns by event management should be provided in writing.

1. **GALLOWAY will provide vocal performance for a period as arranged. Performance times and breaks may vary as needed for each show.**
  - a. Known as a "TRACK ACT," music sound is provided by prerecorded background tracks playable through a standard MP3 player provided by GALLOWAY.
  - b. Vocals use a standard microphone and XLR cord provided by GALLOWAY ready to plug into PA.
  - c. MP3 player connections provided by GALLOWAY (for most any existing PA system) include connectors to 1/8" mini, 1/4" mono, or stereo RCA-style jacks.
  - d. Tracks and playlists are pre-programmed. Even gaps between songs are preprogrammed.
2. **If a PA System must be provided by GALLOWAY, prior arrangements should be made.**
  - a. Additional time /advance access for unloading and equipment setup will likely be necessary.
  - b. In any event, ideally some time is available for sound check but this can be more important if setting up a fresh PA system.
  - c. Such a system provided by GALLOWAY can include either small amplifier or full-size PA as may be needed.
3. **Other equipment/materials used and provided by GALLOWAY generally includes...**
  - a. hardcopy paper music/notes on stage placed on a simple music stand on stage.
  - b. basic mic stand.
  - c. Equipment provided is exclusively for use by and during the GALLOWAY performance. There should be prior notification if any such equipment is needed by others for any reason. The obvious exception would be any introductions or announcements of GALLOWAY's performance which might use equipment already setup on stage.
4. **While Event Coordinator may request a song or two to include or exclude, generally the content and sequence of song selection is controlled by GALLOWAY.**
  - a. GALLOWAY will make an attempt to accommodate the content preferences of the audience but such specifics will ultimately be left to GALLOWAY. If there are any specific issues, they should be discussed in advance personally with GALLOWAY.
  - b. Generally, performance includes some free-style talking, casual humor with audience.
  - c. Entertainment and content of talk and discussion is suitable for all ages and families and song selections are not controversial and are commonly found on broadcast radio.
  - d. If there are no preceding acts, some background "warm-up" music consistent with the style of the show may be provided by GALLOWAY if needed.

5. Unless prohibited in advance, GALLOWAY will provide CD's, DVD's and/or other promotional items for sale at the event.
6. GALLOWAY requires a suitable vehicle access for any equipment to be unloaded (i.e., no fence blockage or impassable terrain). Ideally, vehicle should remain there throughout the event – or at the nearest possible location.
7. GALLOWAY is not available to serve other needs of the event beyond the vocal performance. For example, venue setups (crowd control, tables, chairs, etc.), cleanups (dishes, glasses, bottles, trash, mess, etc.) or other responsibilities (e.g., parking issues, tickets, etc.) not part of the actual musical performance will not be accommodated.
8. Event management will be responsible for damage to GALLOWAY equipment through the fault of other performers, staff, volunteers and attendees. Event management is expected to provide crowd control and security as may be needed.
9. Ideally, GALLOWAY will be provided with 2-3 water bottles per show. Other drink opportunities may be substituted if appropriate.
  - a. Generally, it is ideal if GALLOWAY is welcome to freely share in any drink or food that may be provided at the event. This might instead be something provided back-stage or in a green room independent of the audience if more appropriate.
10. Any Event that cancels the GALLOWAY performance after arrangements are finalized will be invoiced - and be expected to pay full price.

Please direct questions regarding the Dr. Jerry Galloway show directly to the [gallowaysings](mailto:gallowaysings@gallowaysings.com) contacts in the letterhead or through [TMA– Titan Music Agency](mailto:Services@tmaeducation.com) here: [Services@tmaeducation.com](mailto:Services@tmaeducation.com)
